

Level 4

Overview

The Lead Practitioner in Adult Care will guide and inspire team members to make positive differences to someone's life when they are faced with physical, practical, social, emotional, psychological or intellectual challenges. They will have achieved a level of self-development to be recognised as a lead practitioner within the care team, contributing to, promoting and sustaining a values-based culture at an operational level. A Lead Practitioner has a greater depth of knowledge and expertise of particular conditions being experienced by the user of services. They will have specialist skills and knowledge in their area of responsibilities which will allow them to lead in areas such as care needs assessment, occupational therapy, physiotherapy, rehabilitation and enablement, telecare and assistive technology. They will be a coach and mentor to others and will have a role in assessing performance and quality of care delivery. Lead Practitioners in Adult Care may work in residential or nursing homes, domiciliary care, day centres, a person's own home or some clinical healthcare settings
